

23 JAN 1956

MEMORANDUM FOR: Legislative Counsel

SUBJECT: H.R. 7353, S. 2488, S. 2335, Relating to Appeals
by Veterans Under Section 14 of the Veterans'
Preference Act.

1. In response to your request, subject bills H.R. 7353, S. 2488 and S. 2335 have been reviewed by this Office to determine from the viewpoint of personnel administration whether any action or the establishment of an Agency position through your Office is indicated or recommended.

2. The effect of the basic measure, as presented by these bills, is to establish a definite limitation on a veteran's right of appeal under the Veterans' Preference Act thus rendering legislative recognition to a recommendation of the Hoover Commission. It is felt that the subject is one which may prove to be highly controversial in nature, and that if the limitation is approved, it would eliminate the only effective appeal right available to large numbers of Federal employees. However, evaluating the measure in the light of a desire and effort to improve personnel administration, it is recommended that, if called upon, Agency support be accorded the legislation. Such a position is well supported on the basis that veteran's rights are reasonably protected by the five-year period, from which military service is excluded, and that it will assist in an eventual equalization of rights among all Federal employees. It is requested that this Office be kept informed in regards to any reports, discussions and as to the progress of the measure during its Congressional consideration.
